FOCUS AND SCOPE

Geosfera Indonesia is a journal publishes original research, review, and short communication (written by researchers, academicians, professional, and practitioners from all over the world) which utilizes geographic and environment approaches (human, physical landscape, nature-society and GIS) to resolve human-environment interaction problems that have a spatial dimension. Moreover, Geosfera Indonesia also committed to enhance and share original research, review, and short communication (written by researchers, academicians, professional, and practitioners from all over the world) on geography education and environmental education.

Our journal's scope includes :

1. Geography Education
2. Physical Geography
3. Human Geography
4. Geographic Information System (GIS)
5. Remote Sensing
6. Environmental Science
7. Environmental Education
8. Disaster Risk Reduction

PUBLICATION INFORMATION

Geosfera Indonesia (Geos. Ind.) : |ISSN: 2598-9723 (Print)|ISSN: 2614-8528 (Online) is an international open access and peer-reviewed journal, published by Department of Geography Education, University of Jember, Indonesia. Its published three times a year in April, August, and December. Geosfera Indonesia is Accredited (**SINTA 2**) by the Ministry of Research and Technology of the Republic of Indonesia (RISTEKBRIN), [No. 200/M/KPT/2020](#). This journal has been covered by following indexing and abstracting services: (1) CABI : CAB Abstracts ; (2) Directory of Open Access Journal (DOAJ); (3) EBSCO; (4) Google Scholar (5) One Search (National Library of Republic of Indonesia), (6) Web of Science.
